

uAdjudicate™

uAdjudicate™ is a sophisticated, feature-rich application processing system that enables processing and analyst intervention throughout the customer lifecycle. One-day integrations, rapid rate of deployment and convenient user access make uAdjudicate™ an excellent choice for internal analyst usage.

In addition to the standard features offered in uProcess™, uAdjudicate™ also includes workflow management, work queue formation and monitoring based on user-defined configuration. uAdjudicate™ boasts complete override capabilities and analyst reporting features to maintain effective operations and the most efficient use of resources.

uAdjudicate™ can either be a stand-alone solution or pre-integrated to other solutions (such as our robust Decision Suite™) for comprehensive end-to-end application processing.
